### *Lighting of Memorial Candles*

As Performed by Rev. Warren Edde

Memorial candles can be added to any wedding and will follow the Opening Address by the Minister. The memorial candles can be lit by the Bride and Groom for one or several loved ones that have passed. This is a way to welcome those who have passed in memory or in spirit to join with the family and friends in the wedding celebration.

The addition of the Lighting of Memorial Candle(s) is no-charge when added to the Custom Wedding Ceremony. The memorial candles and roses used in this ceremony are not provided.

Following the Opening Address, the Minister will state:

“In memory of (Loved One), whom (Bride and Groom) dearly miss, and who they know is present with them here today, a candle will be lighted.”

The candle will be lighted and a single rose may be placed in front of the candle in memory of the loved one.
